PEOPLE TIRED OF WILSONISM SAYS HARDING

Senator Arrives In Marion After Three Days Of Speaking.

MUCH ENCOURAGED

Nominee Will Again Go On Speaking Tour Late Next Week.

Marion, O., Sept. 30.—Tired from three days' hard traveling and speaking, but vastly encouraged by political conditions as he observed them in states which have been listed as doubtful, Senator Warren G. Harding returned home to Marion today more confident than ever of Republican success in November.

The Harding special pulled into Marion early this morning, behind schedule as a result of the near tragic wreck experienced yesterday in the West Virginia mountains.

Senator Harding spoke in five states on this, his first campaign trip of the season—Pennsylvania, Maryland, Southern Ohio. He made altogether some two dozen speeches, covering every issue of the campaign.

Discussing his trip with newspaper correspondents coming in, Senator Harding said:

Tired of Wilson.
"It is my deliberate judgment that the people of this country are tired of things as they are, that they do not believe the administration at Washington has done right, and that they want a change."

No delegations were due to come to Marion today and the Senator planned to spend most of the time clearing away three days' accumulation of correspondence and business.

Tomorrow will be "Social justice day" at the front porch. Many prominent women and several delegations will come to hear the senator outline his views on issues in which women are particularly interested. Marion women will join in the celebration, and many Marion industries will close down to allow their women employees to attend. A committee consisting of Mrs. Richard Edwards, Mrs. Raymond Robins and Mrs. Mary Robards Rachardt is making the arrangements.

One week from today Senator Harding again takes the road for a short campaign trip into the middle west, speaking in Omaha, Kansas City, Des Moines, an Oklahoma City.

Senator Harding said today he would like to attend the first game of the world's series and if found possible, he may do so.

GOVERNOR COX AT WORK IN KANSAS TO PICK UP VOTES

Nominee Thinks State May Be Added To His List.

En Route with Governor Cox, Hutchinson, Kas., Sept. 30.—With the League of Nations as a lever, Governor James M. Cox, today continued in western Kansas the effort he began at Topeka and Atchison yesterday to pry the sunflower state loose from Republicanism and align it with the forces of democracy. Though Republican newspapers have freely predicted the state will go for Harding and Coolidge by at least 100,000, Governor Cox was jubilant following the meetings yesterday when his league utterances found tumultuous response and his doctrines as to progressivism and government were enthusiastically received.

President Wilson carried Kansas in 1916 on the issue of peace and Governor Cox is convinced that if the state is to be won this year it will be on the same issue.

WOMEN AGED 88 AND 90 REGISTER

Marion, O., Sept. 30.—Some Marion women might have been backward today about telling their ages when they went to register, but not so with Mrs. Celinda H. Runyan, 88, and Mrs. Harriett E. Runyan, 90, grand daughters of Eber Baker, founder of Marion. Both were taken to their precinct registration booth in an automobile by their great-nephew, Harry S. Scriber. Both registered as Republicans and both will vote for Harding." Scriber said afterward.

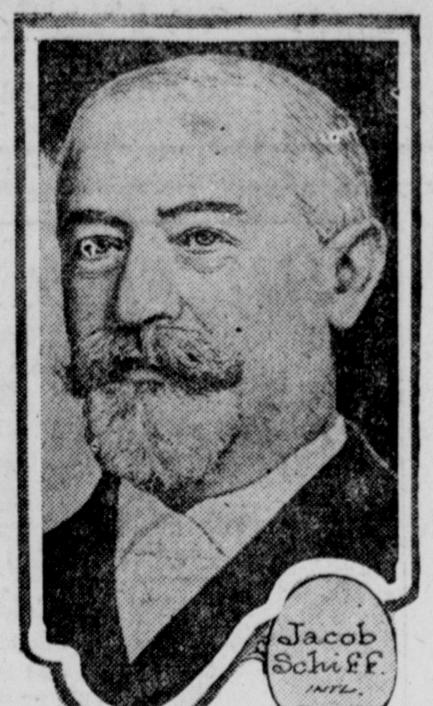

RESTAURANTS CUT PRICES 100 PER CENT

Toledo, O., Sept. 30.—Food prices in a string of Toledo restaurants owned by J. H. Tepper were cut from 10 to 100 percent today. Steaks were cut from 50 to 75 cents to 25 and 35 cents. Tepper has been under scrutiny of Lucas county fair price commission. Other restaurants are expected to follow his lead.

RIOTING IN BELFAST: TWO CIVILIANS DEAD

Belfast, Sept. 30.—Two civilians were shot dead and a number of persons wounded during a clash between soldiers and a crowd on the Falls Roads late yesterday.

NOTED BANKER DIES

ARMED REBELLION MAY DEVASTATE IRELAND

Entire Country Now Armed Camp Which May Result in Untold Devastation for Land Unless Peace Is Speedily Restored, Situation Acute.

"One hundred and two British policemen were murdered in the execution of their duty in Ireland presumably by Sinn Feiners, from Jan. 1, 1919 to Sept. 23."—The Irish office.

"Fifty Irish civilians were killed by British soldiers or policemen between Jan. 1, 1919 and Sept. 28, of whom 33 were murdered since June 20 when the police and military in Ireland were informed by a government order that they would not be held responsible for killings."—Arthur O'Brien Sinn Fein "ambassador" in London.

London, Sept. 30.—Measured by the casualty lists, the number of towns sacked and burned and the violent pitched battles in which property was destroyed on a great scale, Ireland has passed into a state of armed rebellion which may result in the devastation of the whole country unless peace is soon restored.

The International News Service today sought and secured from both the British government and representatives of the Sinn Fein official lists of figures to show the people of America in definite form how far the devastation of life and property has proceeded in Ireland. These figures are for the period of time between January 1, 1919, and September 28.

The Irish office estimated that there are 10,000 members of the royal Irish constabulary in Ireland. This includes the so-called "Black and Tan" policemen, so designated because of the color of their uniforms. In addition there is an auxiliary division composed exclusively of black and tans.

The war office refuses to reveal the exact number of troops in Ireland.

FIRE SWEEPS OVER GALVESTON WATER FRONT; LOSS GREAT

Waterfront For Eight Blocks Is Entirely Destroyed.

Houston, Tex., Sept. 30.—Fire of undetermined origin early today was raging along the entire waterfront of Galveston. A message from Galveston to the southern Pacific train dispatcher here at 5:20 this morning said in part: "Galveston wharf, water front and vicinity for eight blocks completely destroyed. Pier 35, cotton concentration shed, cotton seed and cake warehouses with several thousand bales of cotton and one foreign boat burned."

Trotzky In Interview Declares "Antagonism Growing Up."

REFERS TO WILSON

Says U.S. Policies Not Cleverest in History of This Country.

IMPORTANT CITY OF LIDA OCCUPIED BY POLISH FORCES

Four Thousand Russian Prisoners Are Captured.

Warsaw, Sept. 29.—Via London, Sept. 30.—The capture of 15,000 Russian prisoners and occupation of the important cities of Lida and Pinsk by Polish troops was announced by the Polish general staff tonight.

Washington, Sept. 30.—Clinging for more than 13 hours to the rigging of a navy racing balloon. Lieuts. Emerson and Sloman of the naval reserve force, landed their balloon for third place in what was undoubtedly the most thrilling flight ever undertaken by navy pilots in a free balloon the navy department announced today.

The race started from Birmingham, Ala., Sept. 25, and then landed on the southwest shore of Lake Erie, Sept. 27. In Spruce county, Indiana, the pilot basket was cut away and from that time on the pilots clung to the rigging above the concentrat-

ring.

Trotzky's reference to a "tremendous antagonism" was made in response to a question as to what policy he expected the United States to adopt towards Russia in view of the American-Japanese rivalry in the Pacific.

Trotzky who is one of the dominant powers in the soviet government today outlined his views on international issues and certain phases of the military economic situation within soviet Russia. He promised many "surprises" to the Russian Red army.

Refers to Wilson.

Minister Trotzky, in referring to President Wilson said:

"I think the policies of President Wilson are not the cleverest in the history of the great trans-Atlantic republic."

As to the policy of the United States towards bolshevism Minister Trotzky said: "I may venture a brief statement although Comrade Tchetcherin, the commissioner for foreign affairs, could answer questions more fully having a greater knowledge of the subject.

In our world policies we have avoided national prejudice, chauvinistic sympathies and antipathies. We have no prejudices again a yellow skin nor have we any bias sympathy with the white race. We keep an attentive eye upon the departments of all antagonisms throughout the whole world. We are aware that tremendous antagonism is growing up around the Pacific. Our attitude up the antagonistic Pacific will be wholly determined by the policies of the United States and Japan toward Russia.

"We have repeatedly demonstrated by our acts that we not only can exist with bourgeois governments, but we are able to do business with them on a broad scale.

ASKS FOR PRIORITY ORDERS ON COAL DELIVERY IN OHIO

Would Take Care Of the Domestic Consumers of State First.

Columbus, O., Sept. 30.—The Ohio state utilities commission has asked the interstate commerce commission at Washington to give priority to coal shipments in Ohio to domestic consumers in order to avert a famine in the state.

C. C. Marshall, chairman of the public utilities commission of Ohio today sent the following message to Edgar Clark, chairman of the Interstate commerce commission:

"Hearing held here September 15 disclosed only ten per cent of domestic supply of winter's coal now in bins as against 65 per cent usually at this time. Extreme suffering will prevail in homes throughout Ohio unless your order No. 19 is so modified as to permit present shipments to meet current domestic needs until the close of the navigation season. May we not have prompt action by your honorable body?"

PRICES REDUCED

Cleveland, O., Sept. 30.—Prices of two Cleveland cars, the Cleveland and Chandler, have been reduced. It was announced today. The Chandler will now sell at \$200 less than formerly and the Cleveland at \$150 less.

RIOTING IN BELFAST: TWO CIVILIANS DEAD

Belfast, Sept. 30.—Two civilians were shot dead and a number of persons wounded during a clash between soldiers and a crowd on the Falls Roads late yesterday.

PALMER WILL PROBE ILLINOIS PRIMARY

Chicago, Sept. 30.—Attorney General Mitchell Palmer, it became known today, has ordered a thorough investigation of charges of the misuse of money by candidate in the recent primary contest for the Republican senatorial nomination in Illinois. Palmer instructed federal district attorneys in Illinois to commence "immediate criminal prosecutions under the corrupt practices act against the man or men guilty if evidence justifies such action."

PRICES LOWERED

Cleveland, O., Sept. 30.—Price reductions of 10 per cent on all entries and 15 per cent on all vegetable orders go into effect in Cleveland restaurants tomorrow, restaurant owners today announcing their acceptance of the new schedule of the fair price commission.

SALE DATES RESERVED.

Oct. 12—T. W. St. John.

Oct. 15—R. C. Watts & Son.

Oct. 27—J. S. Ledbetter.

Oct. 28—Turner & Harness.

Nov. 5—E. E. Finney.

Nov. 1—J. P. Fudge & Son.

WILL INVESTIGATE CINCINNATI TEAM

Cincinnati, O., Sept. 29.—Follow-
ing the acknowledgment by Chi-
cago White Sox players that they
accepted bribes to "throw" games
in the 1919 world series with the
Cincinnati Reds, the Hamilton
county grand jury will next Monday
begin an investigation into the
charges that games were thrown in
Cincinnati.

United States District Attorney
Morrow said that he had the utmost
faith in the honesty of the Cincin-
nati players but that if Cincinnati
gamblers had been in any way con-
nected with baseball crookedness, he
would "go after them" no matter
who they might be.

JAMESTOWN

The Rev. Willis A. Cooper, pas-
tor of the Jamestown M. E. Church
announces that they will celebrate
the installation of a new pipe organ
in the church by giving an organ
recital on Friday evening Octo-
ber first. Mrs. George Timmerman
an accomplished musician and organ-
ist will give the recital. This
will be an opportunity for every
one to see and hear the new organ.
Admission, 25¢.

Miss Mary Paullin of Los Angeles,
Cal., who has been visiting with
relatives and friends here left on
Wednesday for Des Moines, Iowa,
where she will visit with her sister
and brother-in-law, Dr. and Mrs.
Frank A. Fifield.

Mr. Chester Ervin of Springfield,
visited his sister, Mrs. Milton
Christy the first of the week.

The Rev. William P. O'Connor
Commander of the Wilbur Thomas
Post of the American Legion has
issued invitations to the officers of
the 136th Field Artillery for a re-
union on October the 7th at the A.
L. Hall in Jamestown. This artillery
was a unit of the 37th division of
which the Rev. O'Connor was a
chaplain going overseas from Camp
Sheridan, Atlanta, Ga.

J. Q. McClain and daughter Miss
Ivan spent Tuesday in Dayton.

Mrs. Milton Christy has been very
ill suffering from an attack of
heart trouble. Her daughter Mrs.
Porter Jasper of Bowersville is at
the home with her mother. Mrs.
Christy has not been well for some
time.

Mr. and Mrs. J. H. Perry have
had for their guests Mr and Mrs.
John Knox and two children, Hazen
and Margaret of Dayton.

Mrs. A. L. Smith was hostess to
the Rural Improvement Club on
Wednesday afternoon. Responses
to roll call were: "Negro Sayings,"
A paper by Mrs. Ella Wathall "Suc-
cess and Failure of Efforts to Re-
duce the High Cost of Living." Mrs.
Wathall was unable to be
present. A story was told by Mrs.
E. A. Allen. A duet rendered by
the Misses Ruth Smith and Catherine
Sanders. The hostess served a
delicious refreshment course which
is a pleasing feature of the
club meetings. Mrs. J. A. Mercer
will be hostess to the club at the Oc-

Overcoming Hereditary Weakness, Epilepsy, etc

Health Talk No. 4.
By G. C. DONOHOO D. C. Ph. C.

It is a common saying that
the time to begin building the
health foundations of life is be-
fore birth. It is a fact that
many are born with defective
health conditions, but this need
not cause apprehension or force
any one to give up in despair of
attaining good health.

Prince Don Jaime of Spain was born deaf and
his mind was affected, all as a result of a prena-
tal injury to the Queen mother. He suffered
from this injury for twelve years before as a
last resort he was taken to a chiropractor. Today
the Prince can hear and is rapidly making up for
lost time in acquiring an education. The spinal
condition that caused his deafness was corrected
by spinal adjustment.

Call and have a Spinograph (X-ray plate)
of your spine made and see for yourself the
cause of your poor health.

Epilepsy Overcome

"My epileptic seizures increased
in frequency until I was having
four a week. I began taking
chiropractic adjustments as a last
resort. In all I took 147. I am
now well and strong and have not
a seizure in more than eighteen
months."—Orval Fry, Chiropractic
Research Bureau, Statement
No. 1231R.

NO CHARGE
Consultation is without
charge or obligation.

The Famous Golmar Test Example No. 5 Golmar on Crackers

PLACE a pat of Golmar and one of fresh creamery butter side by side. Spread one cracker with Golmar and another with the fresh creamery butter. Take a bite of one and then a bite of the other. We challenge you to tell any difference between them. Golmar is the equal of and is equalled only by fresh creamery butter.

The same coloring matter used in creamery butter is supplied with Golmar so you can color it at home and save the tax of 10 cents per pound which the Government would collect if Golmar were colored by the makers.

GOLMAR
Made especially for table use

**A worth while
gift to you—
one pound of
Golmar free**

A LARGE number of progressive
housewives have tried Golmar, the
wonderful new butter-spread, and
have since continued to buy it because
they have found it gives the same satis-
faction as the choicest creamery butter.

We are going to show our appreciation
of these first regular users of Golmar in
this territory by giving them absolutely
free a pound of Golmar. You may still
join them if you have not done so yet.
Save the cartons of the first five pounds
of Golmar that you buy—and take them
to your dealer. He will give you a pound
of Golmar in return. The only condition
is that the cartons must be turned in be-
fore closing time October 15.

Golmar has the delicious creamery butter
taste. It has the creamery butter spreading
quality. It has the creamery butter richness.
Golmar has all the pure wholesome food value of creamery butter. It
is just as good for the little ones.

It is made from the choice white meat of
selected cocoanuts, churned with pasteurized
milk in a spotless and sanitary
factory. The ingredients are the best
obtainable—selected and blended by ex-
perts who have had twenty years' ex-
perience in nut butter manufacture.

That's why there is nothing else like Gol-
mar—except creamery butter. That's
why no nut butter can be like it without
the Golmar materials, the Golmar equip-
ment and the unequalled Golmar process.

*Golmar is guaranteed. Your
money back if it does not
satisfy.*

Those who enjoyed the afternoon were Mrs. Guerne McCoy, Mrs. Claude Lynn, Mrs. Herman White, Mrs. Frank Bath, Mrs. Frank Spillman, Mrs. J. C. Armentrout, Mrs. Charles McElfresh, Mrs. Ralph Compton, Mrs. Ami Yeager, Mrs. Charles Weingart and Mrs. John Bath.

BURGLARS RANSACK ATTORNEY'S OFFICE

Burglars used the head of a pick in effecting an entrance into the office of D. G. Younkin, attorney in the Allen building, Wednesday night seven dollars and a diamond ring being taken from the attorney's safe.

Mr. Younkin has an office with R. R. Grieve, real estate agent. The burglars gained entrance to the room by prying off the weather strip on the door jam with the pick head and then forcing back the night lock. The outer door of the safe was open and the pick head was used in prying open the inner door.

The burglary was discovered Thursday morning and reported to the police.

Music was enjoyed and there was a contest in which Mrs. Claude Lynn received the prize. Dainty refreshments were served and new officers elected for the year were Mrs. Herman White, president, and Mrs. Guerne McCoy, secretary and treasurer.

Those who enjoyed the afternoon were Mrs. Guerne McCoy, Mrs. Claude Lynn, Mrs. Herman White, Mrs. Frank Bath, Mrs. Frank Spillman, Mrs. J. C. Armentrout, Mrs. Charles McElfresh, Mrs. Ralph Compton, Mrs. Ami Yeager, Mrs. Charles Weingart and Mrs. John Bath.

STATE WIDE STRIKE IN WEST VIRGINIA CALLED OFF; WILL ESTABLISH PEACE

BELLBROOK

Charleston, W. Va., Sept. 29.—There will be no state wide strike of federated labor bodies in an effort to force Governor John J. Cornwell to have United States troops withdrawn from the Mingo county mining district. High labor officials have decided to co-operate with the governor in an effort to restore peace and order to the disturbed district and the governor has announced he will meet the labor men more than half way in the plan to preserve the peace.

With the understanding that prominent citizens of Mingo county who have already received threatening letters will not be assassinated piece-meal and that the turbulence in that region will be held in check, the governor announces that at a near date he will make a request for the withdrawal of federal troops but he adds that "should there be a renewal of the disorders he will not hesitate to have troops sent back to the Mingo district and take such other steps as are necessary to maintain order."

The executive board of district No. 17, United Mine Workers of America meeting here to take steps looking toward a state wide strike of organized labor adjourned late yesterday without taking any action toward a strike. It was said by President C. F. Keeny. It was decided by the cooler headed higher officials of the union not to take any action which would embarrass the governor in an already acute situation but rather to act in a helpful way.

A large number of deputy sheriffs will be sworn in in Mingo county and while there is a lull in the outlawry the federal troops will rest on their arms and probably be withdrawn as soon as it is evident that order can be maintained without them.

CANTON IS RECAPTURED

London, Sept. 30.—Canton, one of the most important cities in Southern China, has been captured by Cantonese troops under General Chan Chung Ming, according to a telegram from Shanghai, quoting reports printed in Peking newspapers.

few months at their summer home one mile east of town, will spend the winter in Florida.

Is It Yours

THIS IS THE BIRTHDAY OF WILLIAM HUTTON

September 30th, 1723. William Hutton never obtained more than temporary fame, but he left an autobiography which is, in many ways, as interesting as Benjamin Franklin's. His life is particularly interesting to read because of his fight against terrible odds during his youth.

He was born at Derby, England

in 1723, the son of a poor wool comber who was drunk nine-tenths of the time. At the age of seven Hutton was put to work in a silk mill. He was so small he had to wear some sort of stilts to reach the spools on his machine. When he was 15 he saw that he could never make enough money to live on in the factories, so he decided that if he had to be poor his work could at least be something he liked.

Comrade John Kirby of the Soldiers Home after a pleasant visit

of a few days with old Bellbrook friends, returned home Friday.

Maude Avey was under the doctor's care Saturday night, but is reported better at this time.

Bellbrook and Waynesville will play a series of five games for a prize of \$100.00.

James Davis and family of Dayton, spent Sunday with Mr. Davis' father, Rolla Davis, and other relatives near town.

Sylvester Anthony visited his parents, Mr. and Mrs. J. W. Anthony and his brother Lawrence Lawrence, Sunday.

Mrs. Sadie Johnson of Chicago, is visiting her aunt, Mrs. Grace Cunningham.

Mr. and Mrs. Wilbur Kilian of Dayton came down for a short stay with Mr. Kilian's home folks, Saturday.

Nellie Soward, Bertha Ramsey and Fannie Marshall were Xenia Sunday.

It is reported that Charles Kramer will move back to his farm in a short time.

Mr. and Mrs. Clem Graves and son Harry who have passed the last

"mia."

He had taken up book binding as an amusement. He decided now to make it his trade. He hired a shop for 20 shillings a year, or about \$4 at the present rate of exchange in a town 14 miles from where he lived. He trudged over to this one day a week with a pack of books on his back. He hired a shop in Birmingham and set up as a bookseller, living on five shillings a week.

This was the beginning. By the time he was middle aged he was almost a millionaire. At the age of 56 he retired and began to write. When he was 77 he walked across England and back. He died when he was 92 years old.

INDIANAN IS RE-ELECTED Indianapolis, Ind., Sept. 30.—C. H. Stratton of Sullivan, Ind., was re-elected National Chairman of the American Industrial Association at its sixth annual convention here today.

A small shape completely screened in front by two feather fancies, the flues of which are henna and black.

PREDICT LITIGATION IN PACKING TRUST CASES PENDING

Government Rejects Plan
For Disposition Of
Yards.

Washington, Sept. 9.—The plan of the big five Chicago meat packers for disposition of their stock yard interests was rejected by the government on the ground that it provided new means by which the buying and selling of live stock could be restrained and controlled.

Formal objection to the packers' proposal and to Frederick H. Prince & Co., Boston bankers, as a proposed purchaser of the packer interests, was filed by Attorney General Palmer in the District of Columbia supreme court. Refusal of the attorney general to agree to the plan opens the way for litigation, when the case is heard in court Oct. 7.

Action of the plan of the packers, the government's petition declared, would mean approval of violation of the anti-trust laws. It was held that the holding corporation which the packers suggested be organized to take over the packer interests would constitute, in itself, violation of the Sherman law, and that it would result in manipulation of sales and traffic so that packing plants at the yards so owned by the corporation would be given preference and others regarded.

The objection of the department of justice as set forth in the government's petition followed the lines of a recent report by the federal trade commission, which held that the proposed holding corporation would enable employment of monopolistic practices.

"CAPTAIN AND KIDS" PLAYS IN XENIA

An offering out of the beaten and conventional path may be aptly applied to the latest cartoon musical show, "The Captain and the Kids," which appears at the Opera House, Saturday October 9.

Every boy and girl in America has enjoyed the antics of Hans and Fritz the Sunday comic supplement characters, and those who have followed their pranks in the newspapers will be more than interested in seeing them in real life on the stage.

Pretty girls, peppy dances, catchy jingling and infectious music adds to the attractiveness of the offering and there is high-speed and sure-fire laughter in every line.

BURGLARS GET LOOT

Columbus, O., Sept. 30.—Burglars smashed a window at M. D. Daniels Jewelry store, Town and High streets and escaped with \$400 worth of loot today.

LOANS DEFLATED

Toledo, Sept. 30.—Toledo banks in the period between the last two bank calls, June 30 and Sept. 8, deflated their loans an aggregate of \$1,253,686 it was announced today.

WITH THE WOMEN OF TODAY

By Edith Moriarty

A little schoolgirl was heard Captain L. C. Crossman of Washington made a perfect score of ten bullseye in the 1000-meter range in the adjutant general's cup match.

POET PRAISES WOMEN

Maurice Maeterlinck has thrown a bomb into conservative French literary circles by declaring that women should be admitted into the French Academy. He says that both Countess de Noailles and Mme Colette distinguished authors ought long ago to have been Academicians and that several other women writer are as worthy of the honor of membership as many men now in the Academy. He hopes the recently formed Belgian Academy will decide to admit women.

At present Maeterlinck is writing another book on a psychic subject.

New evidence of the spread of feminism in France was shown in the vote in the grand lodge of French Free Masons in favor of admitting women into Masonic lodges. There was much bitter opposition, but the resolution finally carried amid great applause. The decision is not final, but the delegates of the French grand lodge will press the matter at the coming world congress of Masons.

SOLDIER HELD FOR MURDER

Most Economical of all Heaters

Wonder Hot Blast

One lady whose name we will gladly give you, says "During the winter of 1918 I heated my whole house with the WONDER HOT BLAST, better than it was ever heated before and used only 4 tons of coal."

Guaranteed to hold fire 24 hours. The directions are so simple that a child of ten can operate it. It will burn any kind of soft coal and slack, and if you wish to, hard coal or coke—one equally as well as the other. It burns all the gases and smoke. The ordinary stove does not do this. This is done by a patented device used only on THE WONDER HOT BLAST. This arrangement distributes super-heated air over the burning fuel and produces perfect combustion.

ALL CAST IRON BODY

The Company who makes and owns the Patents on the WONDER have been in business over fifty years, and their guarantee goes with every stove; and this guarantee is good and means just what it says. "If you will set the stove up properly, to a good flue, and follow directions for operating, it will fulfill every claim; and if it does not, you need not keep it."

Come In and Let us Tell You More About It.

What \$35 Will Do At This Store Tomorrow An Saturday

BETTER CLOTHES

—than you have seen for a long while. Fine worsted suits for men—fancy blues—plain greys—blue serges, in regulars, stouts and longs.

It's an opportunity "men," made possible through price concession of one of our manufacturers.

100 Suits Constitutes This Lot

Sizes 34 to 48—all one price

Glance at them in our window, if you're clothes wise, you'll appreciate our efforts and readily see the saving of many dollars.

*Sounds Good Does'nt It? Does'nt
Seem Possible, Yet Its a Fact*

Men and Young Men's Top Coats

A special offering of medium weight O'Coats, all wool fabrics, in Oxford grey and fancy mixed. Just two patterns—but wonderful values. These will do for all year around for the fellow who doesn't care for a real weighty garment.

YOUNG MEN'S SUITS

The Only Difference Is The Price

Any Model—Any Pattern—Any Fabric

You can pay considerably more and get the same—in many places get less, but at this store true values, at all times at prices's within reason.

We tell you this special offering is for tomorrow and Saturday, for we expect to sell every garment specially priced at Thirty-five dollars.

Boy's Suits especially priced too.

KATZ

East Main Street.

Next to City Market Co.

TWO SPECIAL ISSUES WILL BE VOTED ON BY XENIA VOTERS

Besides the national, state, district and county questions, Xenia voters who enter the polls November 1, will have to express their preference in two special issues that will come before the people.

In Xenia city a vote will be taken on a one mill extra levy for the proposed firemen and police pension fund.

Xenia city school district will vote on an extra three mill levy for five years for school purposes.

The only other special election in Greene county, is on the question of centralization of schools in Beaver creek township school district.

Voters will receive four ballots upon entering the polls. The first is the presidential electoral ballot; the second the state, district and county ballot, the third the non-partisan judicial ballot, and the fourth, the referendum on the Crabb act providing for state wide prohibition. The referendum was initiated by the wet element.

Copy for the ballots was given to The Becker Printing Company Thursday by the Board of Elections. Twenty thousand ballots will be printed, double the number used at the last primary election, in order to take care of the new women voters.

"RUN AROUND" DATES FIXED OCTOBER 27

The dates for the "run around" which the Farm Bureau has arranged for 1920 have been fixed for October 27 and 28.

This is later than the trip was held last year but it was necessary to hold the tour during the fourth week in October so as not to conflict with wheat seeding. The Xenia Fall Races and the large number of pure bred hog sales which are being held the second and third weeks of October.

The schedule for the tour will be announced at an early date.

"PECK'S BAD BOY" IS LIVELY SKIT

For a real fun-making, rollicking farce comedy "Peck's Bad Boy" which plays at the Opera House Friday night is rated as one of the liveliest skits on the road today.

Dealing with that inimitable trouble maker the "bad boy" the piece brings into being many comedy incidents that added to a good chorus and lively musical numbers enhances the popularity of the offering.

DRIVER UNINJURED WHEN TRUCK DROPS OVER EMBANKMENT

Bert Mercer, of J. C. Mercer & Sons, Piqua, who have the contract for the laying of sanitary sewers in certain districts, was uninjured when the truck he was driving ran over the embankment and into the creek, at West street and Hudson Avenue Tuesday evening.

The truck was loaded with a ton and a half of brick and the soft earth along the creek bank, gave away under the weight, permitting the vehicle to slide into the creek. The fact that the radiator of the machine caught on the bridge abutment prevented it from turning over. Workmen were employed all Wednesday morning in getting the machine out of the creek bed.

BURGLAR ALARM CALLS POLICE TO BANK BUT NO ROBBER FOUND

Pedestrians were aroused at 6:40 o'clock Tuesday evening, when the burglar alarm gong on the Citizen's National Bank began ringing.

Police heard the clanging of the alarm and Patrolman Charles Simms was sent to the scene but an investigation showed that there was no burglary. The ringing of the alarm is unexplained unless crossed wires started the connection.

Heart and Home Problems

Dear Mrs. Thompson: I am more about the other woman your husband will soon tire of her. Such infatuations usually blow over unless the wife kindles the flame by her jealousy.

Dear Mrs. Thompson: I am a young girl and very fond of whistling. Now a friend tells me that whistling makes the lips thick. Is that so? Are pleated skirts going to be worn this fall? How does rouge harm the skin? I have no color whatever in my cheeks. I look so ghastly all of the time. Would just a little touch of rouge help the skin?

I do not use very much, in fact, people have been very surprised to find I use it. But if it harms the skin I will not use any at all. Do you think wrist watches will go out of style soon? I am worried over the rouge I used. I would not want to ruin my skin so that in a few years it was all dried up, but I cannot see why my cheeks are so pale. I am healthy, in fact I have never been sick in all my life.

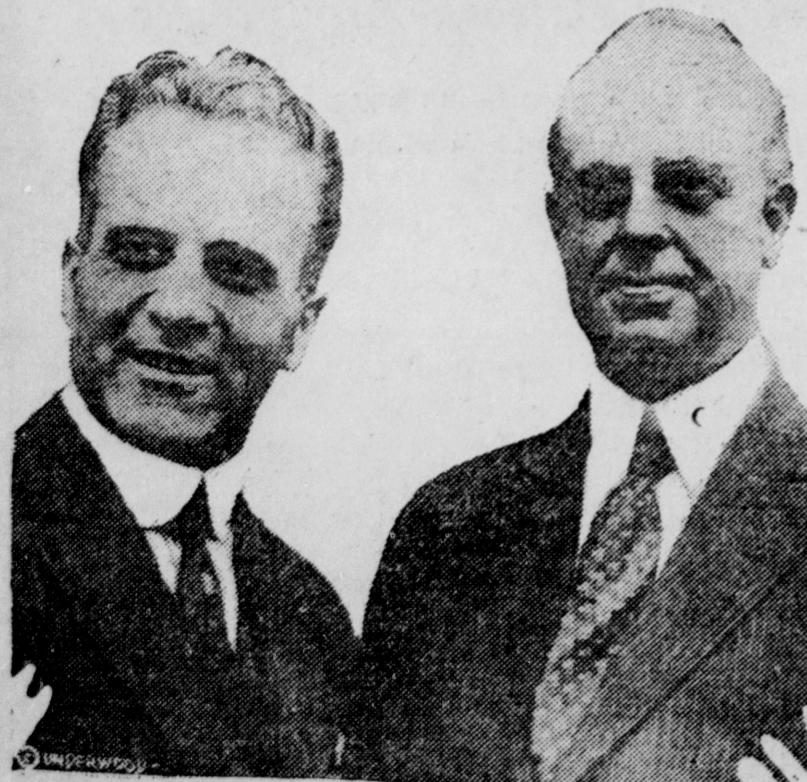

COLLETTA.

No, whistling will not make the lips thick. In fact, it often gives a pretty shape and expression to the mouth. Yes, pleated skirts will be worn this fall. "To rouge or not to rouge," as a matter of taste, is to be decided by each person for herself. As a matter of health a good quality of rouge will not harm your skin if it is carefully removed at night with cold cream and thorough washing.

While you may not have been exactly ill, so pronounced a pallor as you describe may be a sign of anemia, the need for more exercise or a blood building tonic. If you can build up your physique you may not need rouge. Wrist watches seem to have come to stay.

"Mr. Howard J.": I have not the address you requested.

THESE MEN HAVE UNEARTHED "FIXER"
OF WORLD'S SERIES IN GAMBLING PROBE

Hartley L. Replogle, at left, and Henry R. Brigham.

Hartley L. Replogle is assistant states attorney who is aiding the Cook county (Chicago) grand jury to collect evidence on gambling in big league baseball. Henry R. Brigham is foreman of the jury. Brigham has already stated that the jury has learned the name of the man who "fixed" the 1919 world's series so that gamblers could win heavily on it. The officials say the man's name will be made public when the jury has finished that part of its probe.

ALBERT MILLER DIES SUDDENLY AT HOME

Albert Miller, age 77, well known veteran of the War of the Rebellion, was found dead Wednesday evening at the home of his daughter-in-law, Mrs. Mac Miller of Jamestown, with whom he lived.

Mrs. Miller was absent from the house from eight until five, and when she returned found her father-in-law dead in his room. A physician who was called said that he had been dead several hours. He had previously been in good health, and had attended the reunion of the Seventy-fourth regiment O. V. I., which was held in this city Tuesday. He was present at the reunion as a guest as he was a member of the 11th Infantry during the war.

Mr. Miller leaves one daughter, Mrs. L. B. Albert, a brother and two sisters: William Miller and Mrs. Smith Gordon of Jamestown, and Mrs. Cyrus Hite of Bellefontaine.

RELEASED ON WARNING.

Marion, O., Sept. 29.—F. S. Axton, Cleveland newspaper street salesman, arrested on a charge of disorderly conduct and screaming his wares on the streets and waking the natives after 9 o'clock was released by Mayor T. A. Andrews after a warning.

Tire Prices

Some False Ideas About Them

Should an extra price buy an extra grade tire?

It should not. Any first-grade tire should be built as well as a tire of that type can be built.

Cord Tires cost more than Fabrics, and are worth the extra price. Men who figure cost per mile are coming to Cord Tires.

But any tire, Cord or Fabric, should be built for the utmost service which that type can give.

Some Men Over-Pay

Some men pay extra prices, expecting extra mileage. Some pay under prices for an under-grade, and hope to save in that way.

Both are wrong. There may be exceptions—there are always freak tires. But countless tests have proved that Miller Tires at Miller prices, on the average, give the lowest cost per mile.

And Miller Tires, both Cord and Fabric, cost about the standard prices.

TreadPatented
Center tread smooth with suction cup, for firm hold on wet asphalt.
Geared-to-the-road side treads mesh like cogs in dirt.

Here we constantly compare the best other tires with Millers. Also in ceaseless road tests. Thus, day by day and week by week, we are guarding the Miller supremacy.

Won Over 21 Makes

The Eldorado Stage Co. of Los Angeles tested 21 other makes against Millers on 12-passenger Packard Buses, weighing 8,600 pounds loaded. In this supreme test Millers won by long odds, on long-distance uniformity.

Every Tire Signed

We insist that Millers must be uniform. Each tire is signed. A record is kept of the maker, the inspector and the process.

If a tire comes back for adjustment we learn the reason. If the workman is at fault he is penalized. If the inspector overlooked a flaw he is held responsible. If any process or material is at fault, we correct it.

After years of this checking we've attained uniform tires. There are whole large cities from which not a Miller Tire came back last year.

Treads Must Endure

Miller Treads, by our standard, must outwear the balance of the tire.

We have attained a tread which outwears rivals by 25 per cent.

Every day our tread stock is vulcanized, then tested, in our laboratory. We permit no variation.

Not a single Miller Tire with these new-grade treads has ever come back with the tread gone.

Not 20,000 Miles

Countless reports come to us on Miller Cord Tires showing 20,000 to 28,000 miles of service. And tales of that kind are told everywhere, we learn.

But mileage depends on conditions—on size, care, load and road. Millers are uniform, but they are not used under uniform conditions.

In our factory tests we average 15,000 miles on Cords.

But a Miller Tire will outlast—almost always—any tire that you place opposite, no matter what it costs. Compare them under like conditions, and see what mileage modern tires can give.

You will gain a new criterion.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

SATURDAY TO SEE START OF FOOTBALL ALL OVER COUNTRY

Although there have been some scattering games among the big college football teams already this year, the coming Saturday will see the majority of the big football combinations swing into action on the oblong.

A survey of results of last Sunday's games fails to produce much of interest in the football world. This is said with the possible exception of the Harvard-Holy Cross set-to which furnished plenty of excitement for the Big Three team and excited football comment all over the country.

The games Saturday are:

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Urs. Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Two Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that of two bottles of Allenhu, the sure conqueror of rheumatism, does not stop all symptoms, it will relieve joints and do away with even the slightest sense of rheumatic pain, he will gladly return your money without comment.

Allenhu has been tried and tested for years and wills marvellous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenhu decisively conquers the curse of all diseases and has instructed Sayre & Hemphill to guarantee it in every instance.

Critical Music Lovers Prefer

Brunswick

PHONOGRAPHS AND RECORDS

It is always a certain friend, an enthusiastic one, we find, who hears The Brunswick and then compares it—

The ear is quick to appreciate its superior tone. The eye is quick to note its finer cabinet work, and the mind is quick to reason out why Brunswick is a final type instrument in every way.

The Brunswick Method of Reproduction has brought new standards in the phonographic art—better tone, truer tone. Tones hitherto lost are now everpresent.

Every hearer is convinced. That is the reason for the great popularity—that accounts for The Brunswick winning such headway in a field where limits were supposed to have been reached.

Since The Brunswick came, they all say "Play all records." But just you find out how they do it and then investigate The Brunswick way.

FARMERS' CO-OPERATIVE PLAN SETS OUT FOR CONTROL OF CROPS OF COUNTRY

San Francisco, Sept. 30.—Complaints against the association of the various farm cooperatives will increase throughout the states by 1920.

Automatic elimination of the Chicago Board of Trade.

Direction of a publicity and information system.

This is what the farmers of the United States have set out to accomplish through the formation of a giant co-operative association on the western Canadian "commodity co-operation" plan. The co-operative movement, at projected nationality, at annual convention is now under way following the appointment of a committee of seventeen representatives from each preliminary plan.

That the farmers will completely control the wheat and corn crops of the ten largest producing states by 1923 and that in time they will have control of the entire crop of the country, which will definitely mean the passing of the Chicago Board of Trade, is the opinion of Aaron Sapiro, San Francisco attorney for fourteen of the famous co-operative associations of California and other western states who drafted the plan placed before the farm federation convention at Chicago which thoroughly endorsed and adopted it.

"There is not a doubt in the world but that the farmers are going to market the crops of the ten largest producing states by 1923 through a great marketing association of their own similar to the pioneer organizations here in California," stated Mr. Sapiro. "It is going to take us over two years to get started."

"During the next six months we are going to work out our plans for organization. Then we will spend a year in spreading the propaganda of 'commodity co-operation.' Then and then will the farmers be ready to market their crops."

IGNORE BOARD OF TRADE.

"We are not going to fight the board of trade. We will simply ignore it. The co-operative farmers will take their own crops, sell them direct to the millers, export them directly. By this method they will get better prices themselves and will also cut the cost of grain to the consumers. The board of trade will hold some customers for perhaps a year. Then these customers will see what the co-operative farms are doing and will join the association. The first thing that the board of trade knows, it is out of business."

Each state in the big association will have one director in the organization. Mr. Sapiro states, with an additional director for each five million bushels marketed from that state. The public will have five representatives in the organization. One will be appointed by the Federal Reserve Board, one by Federal Trade Commission and three by the Department of Agriculture.

"We will build up an immense organization with separate departments to handle each phase of the business," declared Mr. Sapiro. "We will have domestic and foreign boards. We will have a legal department, a grain inspecting department, a grading department, a transportation and warehousing department, and the association. In order to be thoroughly efficient, will have to maintain its own trade representatives in the big grain centers of the world. It will have a man in Canada, in India, in Egypt, two in Russia, one in Germany, probably one in China. These agents will keep the association constantly informed as to market conditions in their own parts of the globe. In that

LEGAL NOTICE

Sealed bids will be received at the office of the City Auditor at Xenia, Ohio, until 12 o'clock noon on the 1st day of November, 1920 for the purchase of the following Bond issues of the City of Xenia, Ohio:

Thirty Thousand Dollars (\$30,000) bonds issued for the purpose of paying the City's share of the paving on Main Street, et al improvement. Said bonds are to be dated as of November 1st, 1920, and bear interest at the rate of 6 percent per annum, payable semi-annually, are in the denominations of Five Hundred Dollars (\$500) each and mature Three Thousand Dollars (\$3,000) March 1st, 1921 and a like amount March 1st, of each year thereafter to and including March 1st, 1930.

Fifty Thousand Dollars (\$50,000) bonds issued in anticipation of the collection of special assessments for the Main Street et al improvement. Said bonds are dated November 1st, 1920 and bear interest at the rate of six percent per annum, payable semi-annually, are in the denominations of Five Hundred Dollars (\$500) each and mature Five Thousand Dollars (\$5,000) March 1st, 1921 and a like amount March 1st, 1930.

Said bonds will be sold to the highest and best bidder for not less than par and accrued interest. All bids must state the amount of bonds bid for and accrued interest to date of delivery.

All bids should be sealed and must be accompanied with a certified check, payable to the Treasurer of the City of Xenia, Ohio, for 3 per cent of the amount of bonds bid for, upon condition that if the bid is accepted, the bidder will receive and pay for said bonds, within ten (10) days of the time of award, said check to be retained by the City of Xenia, Ohio, if said condition is not fulfilled.

The successful bidder is to furnish the bonds without charge to the City therefor and subject to the approval of the City Solicitor of Xenia, Ohio.

The City of Xenia, Ohio, reserves the right to reject any or all bids.

T. H. Zell,
City Auditor, Xenia, Ohio.

9-30; 10-7, 14, 21, 28.

XENIA OVERWELMS TIPPECANOE CITY IN QUOIT MATCH

way the farmers will know just what to do with their crops.

The extra association will be based on the American co-operation and not the English Rachdale plan. We must organize by commodity and not by locality. There must be no Capital stock, because stock is not necessary.

WILL POOL GRAIN.

"The grain of all the farmers will be pooled by grade and variety, and all growers will share equally in the proceeds. For instance, when all the No. 1 Northern Spring wheat is sold and the expense paid, each farmer who furnished wheat of that grade will be paid his share of the proceeds, the same to each grower.

"The association will have its own elevators for storing the crops. These elevators will be owned by a separate corporation and will have both common and preferred stock. The common stock will be held by the marketing association so as to give it voting power in the elevator company. The preferred stock will have no voting power and can be sold to anyone.

"The plan is one that has been tried and is successful. Fourteen big associations in California and other western states are working under this plan. The grain growers, the rice growers, the apple growers, the cotton growers all have formed associations of their own. No single state is represented, but all the growers of a certain commodity. That is real co-operation.

Word has been received by Mr. Sapiro that the committee of seventeen has been appointed to draft the plans for the forming of the big co-operative association, and this he believes is the first step in the emancipation of the farmers from the rule of the board of trade. The elimination of the speculators, he states will come in 1923.

SICK VETERAN HANGS HIMSELF

Elyria, Sept. 30.—Hugh Scott, 27, despondent because of ill health and wounds incurred on the battlefields of France, committed suicide at Pendleton, near here, by hanging.

"Blue Monday" Is A Thing Of The Past In Our House'

WHY not escape the weekly washday grind? Women everywhere are discarding the antiquated, health-shattering, backbreaking wash-tub.

They are letting the Crystal do the "Blue Monday" work. The Crystal Electric Washing Machine cleanses clothes easily, economically, sanitarily—absolutely satisfactorily. It forces water, steam, rich suds and air through the meshes of the cloth—cleansing the coarsest or the finest fabrics without rubbing of any kind.

We will gladly demonstrate the Crystal—show you how quickly the Crystal will do your washing in your own home.

ENTERS NOT GUILTY PLEA TO CHARGES

Albert Hagar of New York, president of the Hagar Board and Paper Company, appeared before Justice J. E. Jones Wednesday and entered a plea of not guilty to each one of the ten affidavits charging the Hagar Company with killing "a fish," August 16, through pollution of the Little Miami River with refuse from the mill at Cedarville.

Justice Jones set the matter for trial October 13.

Mr. Hagar, who is a prominent New York attorney left a case which he was trying in the New York State supreme court, to come to Xenia in answer to charges against his company.

The charges against the Hagar Company were filed last Saturday by Karl Keller of Newtown, a game protector, one of several representatives of the state fish and game department, who investigated the alleged pollution of the stream.

ALDERMAN'S HOME WRECKED

Chicago, Sept. 30.—A black powder bomb wrecked the home of Alderman John Powers, of the Nineteenth Ward, at least the exception being when Xenia won all 12 games from James-

town two or three years ago.

Those who took part in Tuesday night's match for Xenia were Henrie, Ary, Sayre, Watkins, Shadrach, J. B. Smith, DeVoe and Jones. The highest score was made by H. L. Sayre who had 37 points to his credit. All of the local players except two made 30 or more points.

As the result of a large delegation of members of the horseshoe club at Wilmington, which has 72 members, visiting the local grounds Tuesday night, that club will abandon horseshoe pitching and take up quoits after this week. This is the Fifteenth quoit club that has been started in the last few years through the influence of the Xenia Club.

A return game with Tippecanoe will be played by the locals at Tippecanoe next Tuesday. Charles Snider of the local club will captain a team of locals that will participate in a tournament at Centerville Thursday night.

The Flavor Lasts So Does the Price!

Don't let your sweaters shrink or stretch

YOU can wash your sweaters yourself so that they look like new! The expensive sweater with angora collar and cuffs! The dear little sleeveless slip-on that you knit yourself! Keep them fluffy and new-looking. Wash them in soft Lux suds.

Rubbing soap on woolens and twisting them make them thicken and shrink. Your good-looking sweater suddenly grows far too large and stringy—or ridiculously tight and harsh! But there is no rubbing with Lux. Souse the rich foamy lather gently through and through. Your sweater comes out soft and shapely—the way you bought it.

Your grocer, druggist or department store has Lux.—Lever Brothers Co., Cambridge, Mass.

There's nothing like Lux
for keeping sweaters new

To wash your sweater
Whisk Lux into a rich lather in very hot water—two tablespoonsfuls to the gallon. Add cold water till the suds are lukewarm. Swish your sweater about in the suds. Wash quickly, pressing the suds through and through. Do not rub. Rinse three times in lukewarm water, dissolving a little Lux in the last water (do not make a lather). This leaves your sweater softer and woollier. Never wring a sweater. Squeeze out the water and spread on a towel to dry in the shade.

EAST END NEWS

Mrs. J. B. White of Bellingham, Washington state, is the guest of Mrs. Emma Goldstone, of East Church Street. Mrs. White came with her daughter who has entered Wilberforce University.

Clifford Green has returned from an extended visit in Columbus, Cleveland, Detroit and Chicago. He will enter Wilberforce University the fifth of the month to prepare himself for Y. M. C. A. work.

Mr. and Mrs. Christopher Underwood of Pittsburgh, Pa., are the guests of his aunt Mrs. Delia Saunders, Jasper Avenue.

St. John A. M. E. Church and pastor entertained Wednesday at a reception in honor of the guests who are attending the Southern, Ohio conference.

Alfred Powell has returned to his home in Columbus after spending a week with his sister Mrs. Ina Stackler, East Main Street.

Julius Williams of East Main Street, has as his guest this week, his mother from Cleveland, Ohio.

Mrs. Rebecka Bundy of Dayton, is spending a few days with her mother and also her sister Mrs. Henry Bledsoe who has been ill for some months but is somewhat improved.

WHISKY IS RECOVERED.

Elyria, O., Sept. 30.—Police recovered 400 cases of whisky valued at \$75,000 and arrested two men, alleged members of a band of rascals who stole the whisky and two automobile trucks nearby here. The whisky, intended for medical purposes, was being driven from Lyndhurst, Ohio, to New York.

Skin Troubles Soothed With Cuticura

Skin Ointment, Salve, etc., especially prepared for Cuticura Laboratories, Dayton, Ohio.

Mrs. J. C. Pickin and son returned Friday to their home in Dayton after a four weeks visit in the home of her mother, Mrs. A. H. Harlan.

Mr. and Mrs. Marion Icenbauer had for their guests Friday her brothers John Fudge and wife and daughter, Mrs. Wilbur Smith and little daughter and Cain Fudge and wife, all of New Jasper and Abram Conklin, wife and daughter Edith Emerick of Dayton.

John Scammahorn and son Edwin of Xenia and James Scammahorn and two sons of near Kingman spent Sunday with their mother, Mrs. Mary A. Scammahorn.

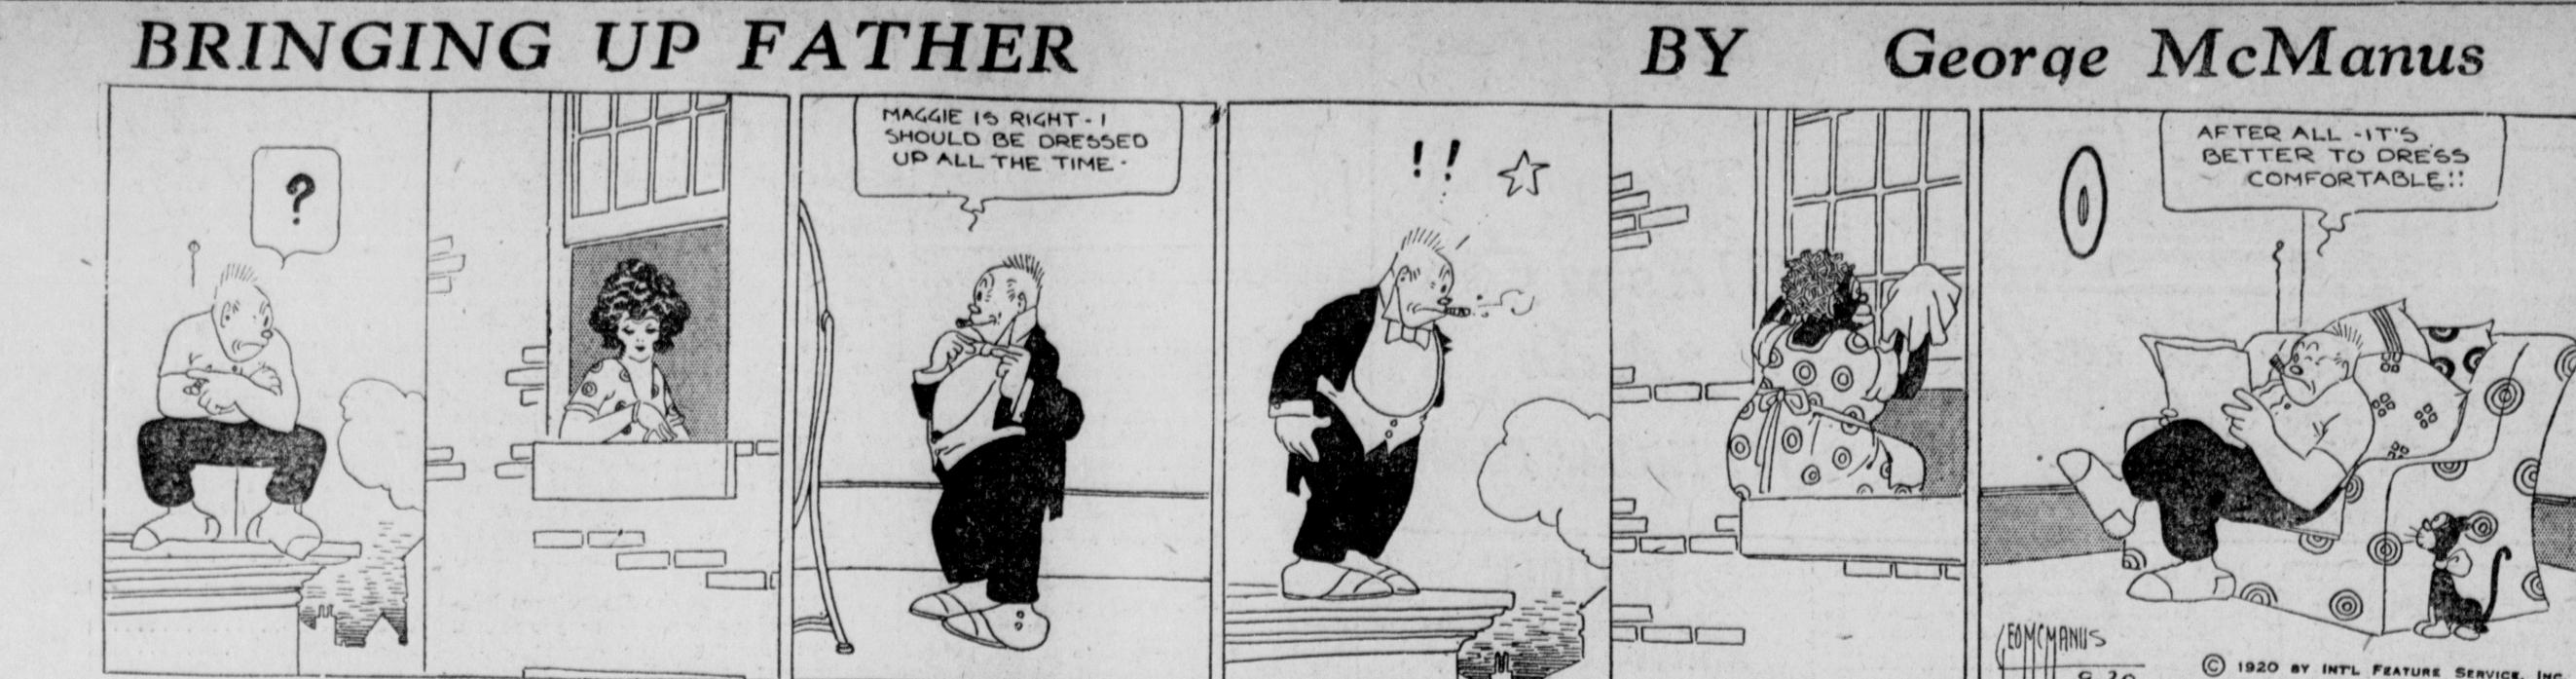

Andy Flemming and family of near New Jasper spent Monday at the home of Mrs. Flemming's parents, Mr. and Mrs. John Powell.

Howard Carr and family entertained Sunday Mr. and Mrs. Rahi and daughter Virginia of Xenia.

Mr. and Mrs. Harvey Fields of near Xenia, Mr. and Mrs. William Icenbauer and family and Mr. and Mrs. Mary Teawatt of Washington, C. H., and Mrs. Mont Compton and son Frank of Beechgrove spent Sunday with Marion Icenbauer and wife.

Mrs. Ina Shane was the guest of Waynesville friends Sunday.

Carlton Smith has gone to Minneapolis, Minn., where he will teach this year.

THE CHEERFUL CHERUB

Who are you I write this verse for
Whom I never meet?
For all we know we pass each other
Daily on the street.
R.M.C.A.M.

Mr. and Mrs. Ira Scroggy spent Sunday with Raymond Scroggy and family at Belmont.

Miss Wilma Bonfield of Wilmington, is visiting at the home of W. C. Smith and wife.

The members of the M. E. church enjoyed a weiner roast in the woods of Charles Mendenhall north of town Thursday evening. A China tea set was presented to the returning pastor Rev. B. E. Wright and wife.

Miss Hazel Weller of Xenia was the guest of the Misses Lucy and Elizabeth Robinson over Sunday.

Miss Lucy Robinson of Xenia, is at home for a three-weeks' vacation.

WAR ON GAMBLING

Columbus, O., Sept. 29.—Relentless war has been opened against baseball gambling pools by the Columbus police. Three places were raided by police and six arrests made. Baseball gambling slips were seized.

At the place raided on State street the police found faro, roulette, poker, craps and other gambling layouts.

Grapes.
Cereal and Cream.
Toast. Coffee.
Luncheon.
Grilled Sardines.
Toast. Baked Apples.
Dinner.
Lima Beans with Bacon.
Rolls. Fruit Salad.
Steamed Custard. Tea.

CANNING TIME.

Canned Tomatoes—Pour boiling water over ripe tomatoes and remove skins; cut in pieces, put in a preserving kettle and cook slowly without the addition of water until thoroughly scalded. Fill jars as usual.

Tomatoes Canned Whole for Winter—Select firm, smooth fruit, not over-ripe and of a size to slip into the ordinary fruit jar. Peel without breaking and with as little scalding as possible. Have ready a preserving kettle full of water which has been salted slightly, only enough to taste. Just before the water reaches boiling point drop in the tomatoes, cover at a time and heat them through thoroughly. Do not allow the water to boil. Put fruit in jars, fill with the hot salted water and cover quickly. Seal tops of jars with paraffin.

Orange Marmalade—Four lemons, eight oranges, four pounds of sugar.

Remove peel from fruit and cook until soft in enough water to cover, drain and scrape white part from rind with a spoon. Cut thin yellow rind in strips with scissors. Divide oranges in sections, remove seeds and tough skin and put them into a preserving kettle. Heat

gradually to boiling point, add sugar gradually and cook very slow-

ly over a low flame one hour. Add the rind and cook one hour longer; then turn into glasses.

Rhubarb Jam—Six pounds rhubarb, two lemons, five pounds sugar, one pound figs or strawberries, according to taste.

Cut rhubarb in small pieces with skin on, mix with sugar and let stand over night. In the morning cut figs (or strawberries) and lemons in small pieces, add rhubarb and sugar and cook very slowly over a low flame four hours.

SIMPLE COOKIE RECIPES.

Chocolate Cookies—One-half cup butter, one cup sugar, one egg, one-quarter teaspoon salt, two squares chocolate, two and one-half scant cups flour, two teaspoons baking powder, one-quarter cup milk.

Mix in usual way, adding melted chocolate just before adding flour. Roll thin, shape with small cutter and bake in oven.

Surprise Cookies—One cup sugar, one-half cup shortening, one egg, one-half cup milk, three and one-half cups flour, two teaspoons cream tartar, one teaspoon soda, one teaspoon vanilla.

Mix, roll thin and shape. Put cookies in buttered pans, place a teaspoon of filling on each, not allowing it to spread to the edge; place another cookie gently on top and bake in usual way.

Filling: One cup chopped raisins, one-half cup sugar, one teaspoon flour, one-half cup water. Cook until thick, stirring carefully, as it burns easily.

Lace Cakes—One tablespoon butter well creamed, one cup sugar, two scant teaspoons baking powder, one cup uncooked rolled oats, one cup corn flakes, two and one-half eggs, one scant teaspoon almond extract.

Mix and drop from teaspoon on buttered tins. Bake in hot oven.

"JUST A GIRL"

BY JANE PHELPS

A CALL

CHAPTER 130.

"I am very honored that you let me come," Mr. Claxton said in response to Mother's greeting, then chattered entertainingly for about half an hour.

When he left he asked if he might come again and Mother unhesitatingly gave him permission. I had said very little, yet had thoroughly enjoyed his call. Mother was enthusiastically over him.

"He's the right sort, Zena," she said, "a man anyone would be proud to know. It is wonderful to me that you happened upon such a place. I have read so much about the dangers to girls, working girls, in a big city. I am sure if all employers were like Mr. Claxton, there would be little to fear."

"He IS nice, Mother." I said nothing of the others I had met. I never had written Mother of the disagreeable incidents that happened when I first came to Chicago, and I had no thought of telling her now. It would do no good, and might make her worry.

"He thinks a great deal of you, Dear," Mother said after a little. "He shows it very plainly."

"I have tried to please him." I knew Mother was very keen, that very little escaped her. I did not want her to get any false ideas about Mr. Claxton's feeling for me. It had been bad enough to have Mary continually telling me he was in love with me.

"I judge you have," Mother said dryly.

A few days after his call Mr. Claxton sent Mother a delicious basket of fruit. With it he sent a kindly note, saying he had enjoyed his call and hoped to soon avail himself of

her permission to call again.

I said nothing about it but I wished he had not sent Mother the fruit. I had tried so hard to keep our relations absolutely on a business basis that this kindness took on more of a social meaning than perhaps he intended. Then one lovely day he sent his car—I knew nothing of it until I reached home—with orders to the chauffeur to take Mother for a drive thru the park, and anywhere else she cared to go.

"I love you very dearly, Zena. Won't you let me make a home for you and your Mother—rather, won't you take pity on me and make a home for me? I have startled you"—I had been so taken by surprise that I could not speak. All I could do was stare at him. "Don't you care for me a little? I have sometimes flattered myself that you did."

"I care very much Mr. Claxton, but not in that way. Oh, I am sorry! I never dreamed—"

"Don't feel badly, Dear, perhaps in time—will be very patient—"

"Oh, no—"

"Is there someone else?"

"Yes—no—I am not sure."

"Then I shall not give up all hope. And Zena, you won't allow this to make any difference? Just forget I am anything but your hard-hearted employer, will you? And I will not offend again."

Gladly I promised. When he asked me to marry him it had rushed thru my mind that I would have to leave. And I had brought Mother on, and was not at all sure about Kenneth. Now I could go on as before.

Tomorrow—Kenneth Lawrence.

AMONG THE MOVIE STARS

Norma Talmadge

Moore Native of Emerald Isle—Norma Hires Swift Car—Mildred On Location—"Bringing Up Father"—Stars Rejoice.

OM MOORE was born in County Meath, Ireland. When he became old enough to go to school, he went first to the schools in his native land, and then, when the family came to America, he continued his progress in Toledo, Ohio.

He had always been more or less of an actor, even as a boy, and in early manhood the lure of the stage drew him. His magnetic personality, rollicking disposition, and love of the life made him immediately popular. For seven years he played in stock companies, and then screen managers, attracted by his work, sought him.

He began pictures in 1913, and has grown steadily more popular. He has been connected with a number of the largest of the motion picture studios, and is now under contract with Goldwyn. One of his most talked of pictures, before joining Goldwyn, was "Brown of Harvard."

With Goldwyn he played in "The Cinderella Man," "The Floor Below," "The Danger Game" and "Dodging a Million." He starred in "Just for Tonight," "Thirty a Week," "Go West, Young Man," "A Man and His Money," "Duds," "The Great Accident" and the latest release in which he is featured being "Officer 666."

He is of medium height, and rather slightly built, with brown hair and eyes in which a twinkle always lurks. His hobbies are riding and golf. He stars, offering him \$75 a day for two weeks for the use of his car. It all happened this way: Norma is busy producing "The Branded Woman," one of her popular First National plays, in Atlanta. She needed a swift car, learned that young Whitfield had one of the fastest in the south, and obtained his consent to act as her chauffeur. True, Louis will miss all the dances of commencement, but he is not worrying. Would you? "The Branded Woman" will have an unusually distinguished cast. The three principal characters in support of Miss Talmadge will be played by Vincent Serrano, Percy Marmont and George

Margaret Cullighan
Fitter Boy Who Plays the Part of Maggie

Some years ago theatre-goers in Australian cities were commenting on the beauty and talent of a beautiful ingenue named Sylvia Breamer, who appeared in various dramatic touring companies. Miss Breamer is an Australian girl, and with characteristic ambition, she determined to storm the American stage.

Arrived in New York she soon obtained a part in "Major Barbara," and was rapidly climbing the theatrical ladder when J. Parker Read, Jr., then on the staff of Thomas H. Ince, induced her to make a test picture, which led to a year's contract in which she played leads with William S. Hart and Charles Ray. After the Ince pictures came a series of co-starring productions under J. Stuart Blackton, and this was followed in turn by a con-

Kathleen O'Connor

Fawcett. Others of the players will be Grace Studdiford, Sydney Herbert and Edward Durant. The picture will be a screen version of Oliver D. Bailey's well-known stage play, "Branded."

Sylvia Breamer

Some years ago theatre-goers in Australian cities were commenting on the beauty and talent of a beautiful ingenue named Sylvia Breamer, who appeared in various dramatic touring companies. Miss Breamer is an Australian girl, and with characteristic ambition, she determined to storm the American stage.

Arrived in New York she soon obtained a part in "Major Barbara," and was rapidly climbing the theatrical ladder when J. Parker Read, Jr., then on the staff of Thomas H. Ince, induced her to make a test picture, which led to a year's contract in which she played leads with William S. Hart and Charles Ray. After the Ince pictures came a series of co-starring productions under J. Stuart Blackton, and this was followed in turn by a con-

Jack Perrin

tract between Miss Breamer and Director Sidney A. Franklin, to film a series of picturizations of Robert W. Chambers' stories. She has just completed the first of these, adapted from that novelist's popular story, "Athalee."

Johnny Ray And Margaret Fitzroy

George McManus, the cartoonist, says he had a ha-ha inspiration when he brought into being "Jiggs and Maggie" in his famous comics, "Bringing Up Father." Then, to be mirthfully modern, he introduced the famous couple into the movies. Now they are to be seen under Pathé's pilotage in a series of two-reel comedies.

Johnny Ray, who was selected to portray Jiggs, has for years been a prominent figure in theatricals. He has toured the country in vaudeville, and in musical comedy. He is the personification of Jiggs on the screen. McManus characterizes him as a "cartoon come to life" and "the personalization of the pen prank."

Margaret Fitzroy is "Maggie" on the screen, and no actress could give a finer interpretation of this farcical character than Miss Fitzroy. She, too, has had a long stage career and makes an ideal selection to play opposite the irresistible Johnny Ray.

Kathleen O'Connor And Jack Perrin

Kathleen O'Connor, the vivacious Universal player, did not change her name when she left her home in Columbus, Ohio, to come to Universal City three years ago. She simply left out the middle initial "M," which stands for Mavourneen.

Kathleen O'Connor And Jack Perrin

Kathleen's mother was a great admirer of the poetry of Mrs. Anne Harris Chaplin and her company while "eats" are in order. Luxury is conspicuous by its absence. Left to right: Director John Stahl, Ramsey Wallace, leading man; Mrs. Chaplin, Gareth Hughes, juvenile lead; Thomas Holding, in background.
